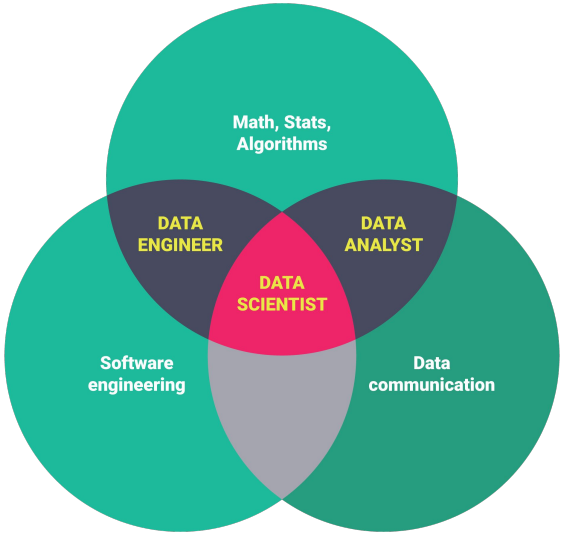
Phase 3 Kickoff

Statistics for Data Analytics

// FLATIRON SCHOOL

Why Statistics Matters



- **Inference is a core data science skill**
- **Framework for discussing confidence**
- **Technical interviews can include stats**
- **Foundation for your future growth**

What to Expect in Phase 3

More concepts and formulas, less code

- Build a conceptual framework
- Spend time unpacking formulas
- Practice using concepts in code

Don’t expect immediate understanding

- Fill in pieces as you progress
- Revisit challenging concepts

Don’t expect complete understanding

- Mastery can take months/years
- Assessments/Labs focus on basics
- You’ll be OK in Phase 4

Goal: Conduct hypothesis tests
